## Angie Hranowsky

CHARLESTON, SC

**KNOWN FOR:** Unique color combinations and a funky, vintage mix.

**WHAT SHE'S WEARING:** Blue tank by Vince, purple pants by Alice + Olivia, and Cynthia Rowley platform heels.

**Q. How does fashion influence your interiors?**

**A.** My style is modern and a bit edgy but casual. I aim for the same in decorating—spaces that feel sexy but comfortable. I love when a room feels effortless with many layers of interest.

**Q. What makes a room or outfit interesting?**

**A.** Heavy doses of color, such as turquoise, purple, or hot pink.

**Q. Favorite place to shop?**

**A.** The Library vintage section at Novel on King Street. And just like in decorating, I shop flea markets whenever I'm near a good one.

**Q. What are you buying this summer?**

**A.** Great shoes. I just bought a pair of Roman-style lace-up sandals in turquoise and some fun wooden platform sandals.

**Q. Go-to summer outfit?**

**A.** Skirts or long bell-bottom jeans with a colored tank top and turquoise jewelry.

**Q. The must-have for every Southern lady?**

**A.** A great pair of sunglasses. I have big square tortoiseshell shades from Tiffany.
